ORANGE
ROOMS

encourages responsible drinking. We love bringing you some of the finest drinks that the world has to offer, but we also recognise that, in excess, those delicious drinks can do you more harm than good! As a general rule of thumb on 25ml measure of 40% liquor equates to one unit of alcohol. The NHS recommends that men and women don't drink more than 14 units a week, which averages as 2 units daily. If you don't drink through the week, this doesn't mean you can save up your units and binge drink at the weekend though! Alcohol misuse can have devastating effects on your long term health. 1 in 3 adults drink enough to create a risk of developing alcohol-related liver disease, just make sure it's not you. All we ask is that you know your own limits and that you drink safely. Our staff will refuse to serve you more alcohol if you are intoxicated. Please don't take this personally, it's part of our great responsibility as licensees.

PRIVATE HIRE

Whether you're celebrating (or commiserating) your birthday, bidding a fond farewell to your office chums or just fancy a bit of a shindig, why not get yourself your own private corner of Orange Rooms? We can do anything from a cosy little table for two through to a full venue private party for four hundred of your closest mates, with bubbly on tap and a pimped out buffet to make Heston weep. If you want it, we can do it.

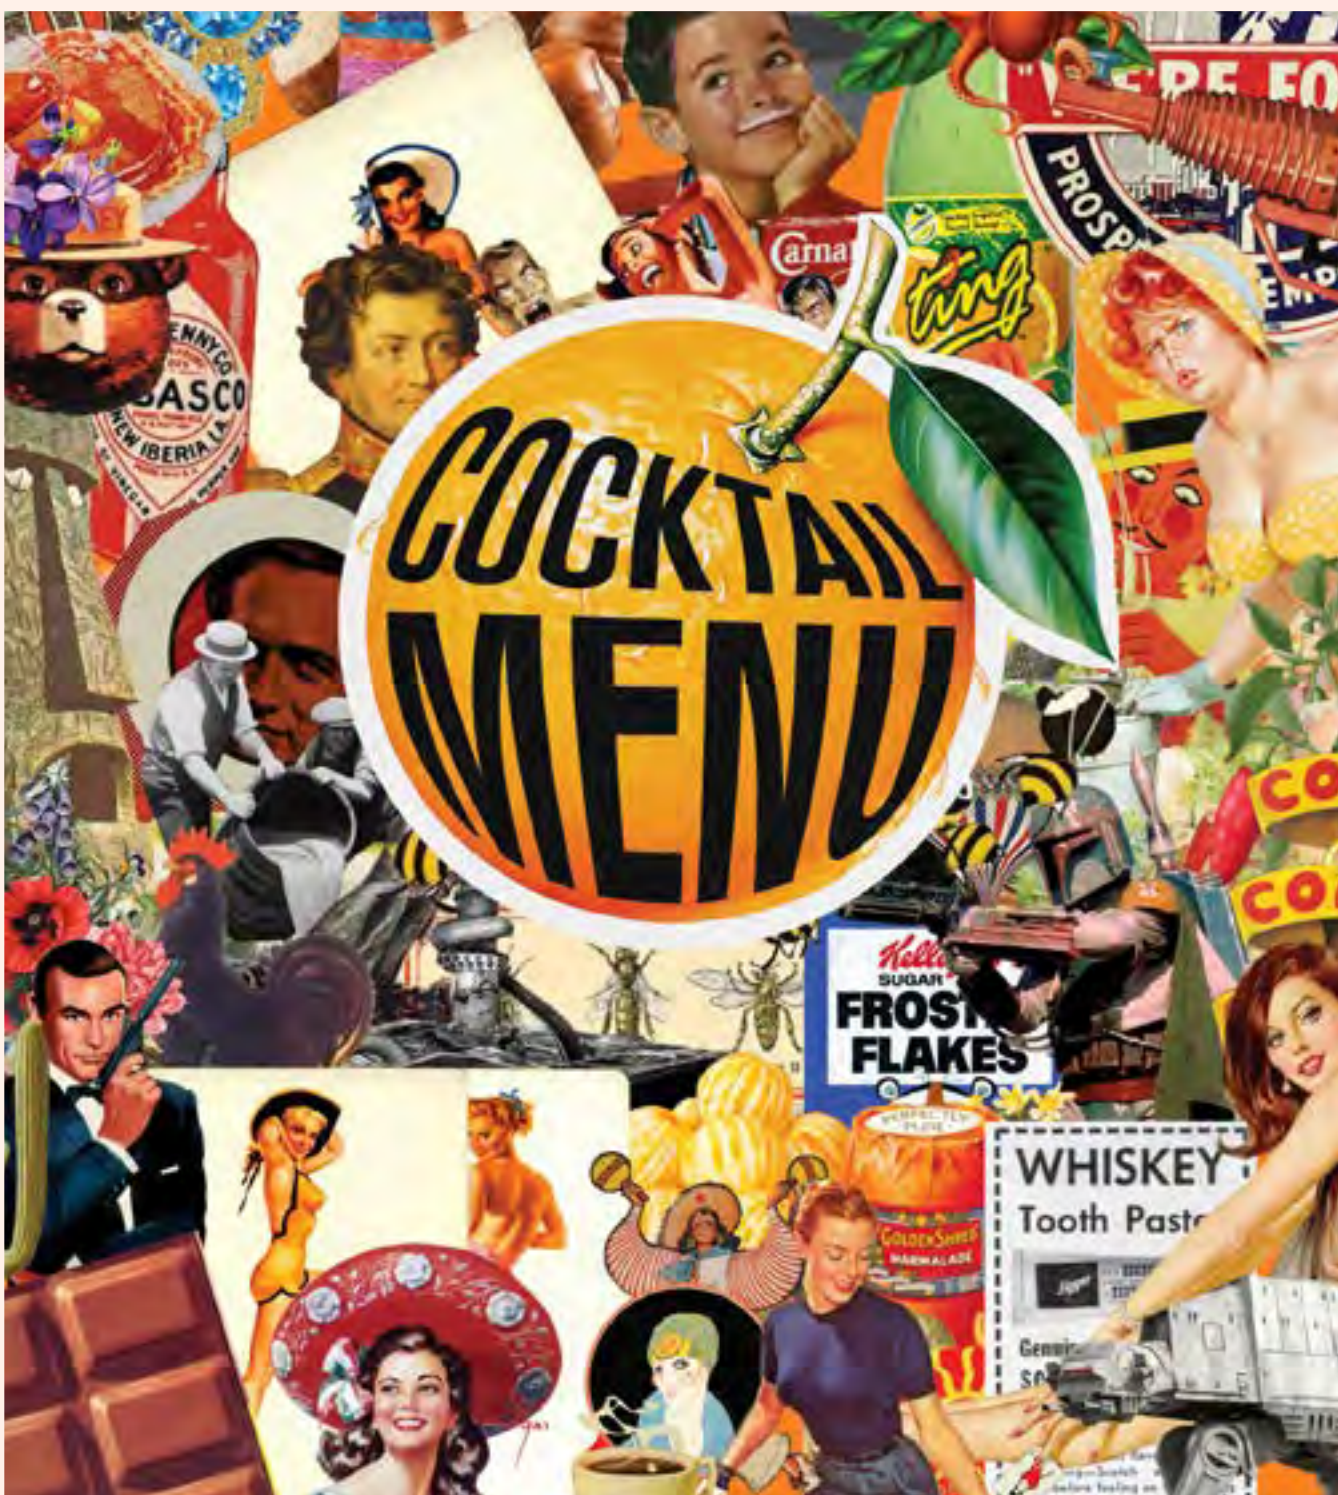

COCKTAIL MASTERCLASS

Fancy yourself as a bit of a bartender? Want to know more about cocktails? Or just fancy a bit of fun with one of our master mixologists? Then this is for you. Masterclasses give you the opportunity to get behind the bar and learn a bit about shaking and making cocktails yourself.

For more information or to make a booking, just pop in for a chat with our dedicated party planner. Alternatively drop us an email at parties@orangerooms.co.uk or give us a bell on 02380 232333.
